DONESTIC CARRY MENDER.-It is one of the marvels of the are that such vast sums are expended in getting op apparently trifling articles; and another marvel that these are of so much utility. Large fortunes have been made out of matches, which are sold at the rate of one or two hundred for a perny. It is prepared chemically, will keep in all climates, may be applied on the instant, and if all that is said of it is true, must become highly useful in repairing broken furniture, dilapidated books, and indeed in all cases where glue is usually applied

Capture of Walker's Expedition !! | 234 FULL AND IMPORTANT PARTICULARS.

GEN. WALKER AND COL. RUDLER SHOT! The Rest of the Men Sent Home.

By the receipt of our Havana mail in full, since our last, we have been put in possession of full and important particulars of the capture of Gen. Walker and his expedition to Honduras, the probable fate of the leaders, and the disposition of the men, upwards of seventy in number, most of whom are na-

tives of the United States. the expedition retreating from Truxillo, at a arrangements will be made for their accomplace called Limas, or Limon, some 30 miles | modations. from the abandoned city, in the direction of Cape Gracias. This was Sanday, the 26th ult. There were then seventy-six men in all. in good health and spirits, as reported, with three or four wounded in late engagements with the netives. It was reported at the same

time that the natives had desisted from the pursuit, and that there was no danger of further annoyance by land. instant, however, an expedition was fitted Vaugh, [No. 41 Cherry street.] on Friday at 10 o'clock, out from the port of Truxillo for the express A. M. purpose of the capture of Walker and his men. This expedition consisted of the British steam sloop-of-war Icarus, Commander Sal-

mon, and a smaller vessel, name and nationality not given, but she is presumed to have been a Honduran coaster. Both had on board native Honduran troops, under the command of Gen. Alvarez, of the department Thos H Taylor James Russell. in which Truxillo is situated, the same who took possession of the city after Walker had abandoned it. This expedition, thus fitted out, at whose suggestion is not stated, proceeded down the coast to the month of the Rio Negro, on or near which Walker and his men were en- BF Cockrill camped; the troops sent up the river in the small boats of the Icarus; Walker and all his

men, apparently without resistance, captured; taken down to the steamer and thence to Truxillo, where they were formally delivered over into the hands of Gen. Alvarez.

According to the report before us, there were, at the time of the capture, some seventy men, besides Gen. Walker and Col. Rudler. The exact number was probably seventy-six, they are going "to a man" for a new admin-Truxillo, where they were formally delivered over into the hands of Gen. Alvarez. The exact number was probably seventy-six, they are going "to a man" for a new adm isck, and nearly all in a deplorable state," istration under The Grover & Baker.

On delivering the prisoners up to Gen. Al arez, Commander Salmon is said to have demanded that Walker's followers, both offcers and men, except Col. Rudler, should be permitted to return unharmed to the United tates. This, however, only on condition that they look out never hereafter to serve a any expedition against Central America. Their passage home, moreover, was to be paid by the American Cousul, Mr. Follin. In the meantime they were lodged in the castle which they had so recently abandoned. In favor of Walker bimself, and Col. Rudler, his second in command, no conditions were exacted. They were del verid un to be dealt with acco d ng to the laws of the coun-

tex, and it is believed, have already been This important news was brought to Havana by the Spanish war steamer Francisco de Assis, which left Octoa, Honduras, on the 6th, and Truxillo on the 7th. This steamer, it will be remembered, left Havana on the 2d, for the Central American coast, no doubt to watch this very expedition of whose captore she is the first to report back the news. ANOTHER EXPEDITON AFTER WALKER.

The Francisco de Assis also reports from Omoa that still another expedition had sailed from that port on the 30th ult., with the same object in view-the capture of Walker. This expedition consisted of sixty-five Guatemalans, under the command of Col. Godoy, of that State, and a number of Hondaraus, who had been joined to them. The Goatemalans had been dispatched to Omoa, by Col. Caro, the Governor of Izabal, the anjacent department of that State, immediately after intelligence of Watker's landing in Honduras had been received. At Omoa they were suitably reinforced, and dispatched on a Government schooner on the 39th, as pelore stated, but nothing appears to have since been heard of the expedition.

HISTORY OF THE EXPEDITION. Thus ends the last expedition to Central America under Gen. Walker, of which we have recently heard so much. The first installment of it sailed from this port the 20th of April, and arrived at Rustan Island the 31st of the same month. Gen. Walker himself, however, did not arrive till the 15th of June, soon after which the expedition was organized as follows: Gen. Wm. Walker, General-in-chief; Col.

A. F. Rudler, Colonel commanding; Major John V. Hooff, acting Captain of Company A; Major Thomas Dolan, acting Captain of Company B; Capt J. S. West, Chief of Commissary Department; Capt. Small, Chief of Ordnance Department: Lieut. John Ryan, Chief of Quartermaster's Department; Noah J. Parsons, First Lieutenant Company A in all some hundred men, from all parts of the Union.

On the 21st of June the entire party, with Gen. Walker in command, left Ruatan for was performed last night for the first time in the Island of Cozumel, off the coast of Yuthis city-it is a beautiful piece indeed, and catan, where arms, ammunitions and provisions had been collected. TO THE EDITORS OF THE PATRIOT:- Deemng it my duty to those afflicted, and to the one who cured me of two malignant Fever Sores upon my legs, which made my life burdensome for five years, having applied to several physicians who could give me no relief, and trying all kinds of medicine I could get, which was recommended for old sores. All seemed to fail. I gave up ever being cured, and wished for death to relieve me of my misery. For many months my limbs pained me to that extent I could get no sleep, until my father, who, being cured of a severe Rheumatism by the Indian Doctor, at No. 100, High street, purchased for me bottle of his Blood Purifier and a box of his All Healing Ointment, which relieved me immediately. My legs are now sound and well. My general health and strength is better than it ever was in my life. And if owe any man on earth a debt of gratitude that man is Doctor Anderson. I wish every man, woman and child in the world, who are afflicted as I have been afflicted, who have suffered as I have suffered, may read this letter and thus find where they can be cured I am of the opinion his remedies will cure any sore in existence, and I would recom mend all thus afflicted to apply to the Indian Doctor, No. 100 High street, where they can be relieved of misery, and also be permanent ly cured. MERRION SANDERS,

Resides at Sandersville, Davidson county NASHVILLE, June 14th, 1860. TO THE EDITORS OF THE PATRIOT: I wish to make a statement through you olumns of what the Indian Doctor's Pills and Blood Purifier have done for me. I have taken about a quart of blue mass and all oth er medicines I could get hold of; none seemed to give me relief. I was troubled with Dys pepsia until I applied to the Indian Doctor, who gave me his Pills and Blood Purifier which relieved me immediately. I am now in better health than I have been for many years, and I can recommend the Indian Doctor's remedies to be all he represents them to be, and should advise all afflicted to try his CAPT.
